Cabin extension kit

A useful addition to all cabins (except the Hytti), the Ala provides an additional 3 square metres of storage space, perhaps for those items you do not want to bring into your cabin such as dirty wellies, lawnmowers or bicycles. Please note that on some cabins there may be limitations as to the siting of this extension; see individual pages for details.

We recommend that the Ala extension kit should be positioned against the cabin wall with sufficient overhang from the cabin roof in order to minimise any rain damage.
